From a large extended family of sailing enthusiasts, Spence was born and raised in Ann Arbor, Michigan on the Great Lakes. Lake water runs through his veins! After high school, he attended Chapman School of Seamanship, an officer training academy where he graduated top of his class with honors - quite an achievement for this 17 year old who was the youngest of the class. Spence entered the yachting industry in 2005 and has solidly gone from strength to strength. This charming young host is particularly skillful at nurturing relationships with the guests, many of whom keep returning for more! With his openness and high energy, nothing seems to faze this calm and confident captain. His crew respect his ability and his willingness to pull his sleeves up and stand side by side with the crew to scrub decks or clean showers. Spence takes pride and special care to put together a personalized daily charter activity/adventure menu for the guests. With extensive local knowledge of the Bahamas and the Florida coastline, he will go a long way to fulfill guests' yachting dreams—diving with sharks, swimming with wild hogs, enjoying a lunch ashore on a secluded serene island or taking in a magnificent sunset in a quiet cove. Spencer's knowledge is second to none (the Exumas are a personal favorite). Highly qualified, he holds a 200 ton USCG Master license and has his Nitrox Advanced Diver & Rescue Diver licenses. Welcome on board!

VICTORY LANE is unique in having two Chief Stewardesses – hospitality, service and having guests' wishes fulfilled are a priority for this experienced and caring yacht owner.

Meet Erica - as a home grown Southern gal from North Carolina, it is in Erica's DNA to treat guests with the same warm hospitality she grew up with! After graduating from University of North Carolina with a Bachelor of Science in Mass Communications (PR, Broadcasting and Journalism), Erica worked at a country club in Wrightsville Beach, NC where her skills at bartending were honed and planning successful wedding events became second nature. Erica was introduced to the exciting world of yachting by a close friend and jumped at the opportunity in 2013 to utilize her service experience and bartending knowledge. This charming and friendly young lady, always with a twinkle in her eye, has the wonderful ability to anticipate guests' needs. She is unfazed by stressful situations and can be counted on to always be one step ahead! Erica is delightful, caring and takes great pride in being the best part of all the guests' vacation! Nothing gives her more pleasure than to see the broad smiles on everyone's faces everyday. Theme nights are NOT to be missed on VICTORY LANE; be prepared for Erica to encourage all guests to join in the fun! Beach BBQs and outdoor activities are another specialty of hers! Erica loves to welcome guests of all ages onboard and makes it her personal mission to ensure each and every guest has a truly memorable trip.

Marykay was born in New Hampshire and is the youngest of four brothers and sisters. At the tender age of 17, she left New Hampshire for sunny Florida to chase her dream of working on cruise ships. After Marykay graduated with a degree in Travel & Tourism from North Miami Beach College, she became a Social Director on cruise ships for 6 years. It was here Marykay learned the finer points of being the consummate hostess – a role she absolutely loves and excels in. When it was time for a change, Marykay knew she would not be far from the sea! Her one way ticket to join a yacht has now turned into more than 25 years of invaluable experience! She has rightfully earned great respect as a successful, dependable and trusted chief stewardess and her stellar reputation has enabled her to be with the current owner since 2000. Marykay is both hardworking and creative (her unique “Miami Vice” table design winning 1<sup>st</sup> place at the Boys & Girls Club Rendezvous annual event) and is a self-described “neat freak”. She is meticulous, creative, calm, and confident she can handle whatever is thrown her way – the qualities of a perfect chief stewardess. Marykay especially delights in creating activities for children, who follow her like the Pied Piper – ask her about her famous scavenger hunt while dressed as a pirate! Marykay continues to warmly welcome all guests to the trip of a lifetime on board VICTORY LANE!

Growing up in Los Angeles, becoming an actor seemed a natural route for Aaron and the “Hollywood dream” was his golden ticket...or so he planned! After high school Aaron studied theatre at the University of California in Santa Barbara followed by obtaining a Theatre Degree at Pasadena City College for Music & Theater. During this time Aaron added more skills to the “school of life” - his education included singer, waiter, actor and model; just a few of the areas Aaron became proficient in. However, tides were shifting and so was Aaron who decided to buy a sailboat and sail to Mexico, after which he took a 2 year position as rigger at North Sails in Mexico. Here he gained a tremendous amount of valuable experience, which became a great asset when he joined his first sailing yacht in 2008 and has not looked back. After several years sailing the Pacific, Aaron moved to motor yachts and his travels around the world has given him an impressive 100,000+ nautical miles under his belt. Aaron’s vast maritime knowledge and engineering skills make him an asset on board and the ideal backup for the captain. Coupled with his obvious professional capabilities, Aaron has a charming can-do nature that always make guests feel welcome on VICTORY LANE. He loves to share his experiences and tell amazing stories, so make sure to ask!

## Deckhand – Dan Phyfer

### American

Joined VICTORY LANE Winter 2015

Interests/Languages:

Skateboarding (competitions),  
mixology, reading, the outdoors,  
extreme sports

Basic Spanish & Italian

Dan was born and raised in the Midwest, where at the early age of 9, he began his amateur skateboarding career, touring around the United States. He was so talented that he had several major, well known skateboarding sponsors and won numerous competitions in California. After high school Dan did not venture far and graduated from Ohio University with a Computer Engineering Degree, however he was on a mission for a different career path than most teenagers in Ohio! With his adventurous nature and the desire of the unknown, Dan travelled to the US Virgin Islands and began bartending, soon to step foot on his first yacht! After making a great cocktail one night, he was offered his first deckhand position and entered the yachting industry on VICTORY LANE. Dan is a very courteous gentleman who is keen to assist guests of all ages with any needs they may have while on board. He loves all watersports and guests find him easy to talk to. He is especially great with children and is a welcome member of this close knit team!

## Broker Lunch Feedback

"Chef Steve's meal was very well-thought out and beautifully executed – he is a talented guy. A hard culinary critic would have a wonderful week on charter enjoying his menus – that gazpacho! The captain seems like a real sweetheart and I can see how his guests fall in love with his genuine, happy, Michigananer personality. And Erica was so smart to show us a video she made from one of the trips – I don't see why more crew don't show off their trips at lunches (for example at charter shows) like that, you can really see the crew personalities and that way the stews get more face time with the brokers – not just serving lunch. What a pleasant way to spend a rainy afternoon – I barely noticed the weather with such a warm welcome!"

**Service:** "WAS EXCELLENT. NOTICED THAT EVERYONE WORKED AS A TEAM, EVEN THE DECK TEAM WAS HELPING...In general I thought the service was very good. A nice blend between the formal and informal...All Crew were polite, smiley and very welcoming...Excellent, Erica and MaryKay are amazing!"

**Any crew member stand out:** Great impression from the Captain; confident, comfortable and welcoming. Looks like a great team along with the Chief Stewardess. Loved the enthusiasm from the Officer and Decky...ERICA AND THE CAPTAIN WERE FANTASTIC. OUTGOING, KNOWLEDGABLE AND IN TUNE WITH ENTERTAINING CHARTER GUESTS...Could see it being a fun trip...Erica! She is a super-star, very positive and the video was well-done.

**Yacht interior:** I think, for her age, she shows very well. Clean, comfortable and relatively neutral...LOOKS GREAT AFTER THE REFIT! LOVE THE NEW SOFT GOODS AND THE WALLPAPER/WOOD WALLS BELOW REALLY BRIGHTEN IT UP. THE NEW AC PROVIDES FOR A FRESH SMELL, DOESN'T SHOW HER AGE AT ALL...Very tasteful, comfortable, cozy. I'm glad I came aboard again, as the last time it was dark outside and the yacht seemed dark inside. She's light and airy!

**Chef – food – presentation – taste:** Again in general excellent. All fairly safe dishes, and would re-asses the dessert choice, but in this scenario was perfect. Always difficult to be adventurous when you have no information from the Guests. Presentation was good and thought the table setting accompanied the style...The gazpacho was my favorite! Very flavorful and well presented. The main course with the chicken was very nice, but I thought the portion was too large. I think the chicken should have been cut up into pieces and laid out on top of the veggies. I'm not a fan of Flan, but it was a pretty dish with the berries...LOVED THE GAZPACHO, CHICKEN WAS DELICIOUS.

**Additional compliments/areas to improve:** LOVED THE VIDEO PRESENTATION AT THE END, VERY NICE TOUCH FOR GUESTS...I love the DVD presentation at the end, a great touch. It's hard to negatively comment in any way, though I would have loved to have seen the full exterior set-up on the bridge deck (rained)...but am sure the guys do a great job.
