# Explore new horizons

What better way to explore the world than onboard a Feadship? Wake up to a new horizon every morning, then find out what it harbours as the day goes by. Whether it is a family holiday for sun, sea and fun or if you want to discover new destinations, chartering is the way to go. The opportunities are practically unlimited when you're on a yacht and the seas are ready to be travelled with Feadship *GO*.

Feadships are built to sail all waters, making them a perfect fit for almost every charter destination. All time favorites like the Mediterranean and Caribbean, Asia or Northern Europe: up to you where you go on your next charter holiday.

*Rosendal, Norway*

People charter a boat to have the holiday of a lifetime. An interlude of peace and pleasure in a very busy schedule for those who want the best, it must be memorable for the right reasons. Obviously the itinerary is important. Ultimately, however, your memories of the places that you visit during a charter will be coloured by the comfort levels you experience on the yacht.

# Wow 24/7

Every Feadship built is always the best Feadship ever built – the relentless pursuit of perfection is, after all, an ongoing process. On a charter trip this will be reflected in everything from your sleeping accommodations to the onboard entertainment options, from the alfresco dining amenities to the wonderful watersport toys.

Feadship quality revolves around intangible elements that just have to be felt. A Feadship is a treat for all the senses, not just the eyes. Onboard a Feadship charter yacht, the wow-feeling is guaranteed: 24/7.

# Take a walk on the deluxe side

Having been lengthened by four metres to 43-metre as part of an extensive refit by Feadship, *GO* now offers an even more awesome charter experience. All three aft decks have been expanded, creating more outside space. The sun awnings provide for the perfect balance of sun and shade. Her splendid interior has been given the Feadship refit treatment too, together with Sinot Exclusive Yacht Design.

## Access all areas

Enjoy optimum flexibility in terms of sleeping arrangements, including the option of a full beam VIP stateroom with its own lounge. Add up the marvellous Jacuzzi on sun deck, the generous inside and outside spaces and the functional beach club and you know this is the perfect charter yacht. The gorgeous styling and exquisite attention to detail will live in your memory long after your time onboard *GO* has come to an end.

## Toys for boys and girls

For charters – toys are a necessity, and *GO* has just the perfect selection for it. With SeaDoo's, scuba and diving gear (including a PADI superyacht dive centre), fishing rods, kayaks, wake-boards, water skis and much more, chances are that your time onboard will be too short.

# Where do you want to go?

When you decide to charter a yacht, you can choose from a wide range of places to visit. Feadship GO has traveled the world, here's a selection of her favourite destinations.

## **Blend in**

A mix of Western sophistication and Eastern fascination: the Eastern Mediterranean has everything to make your charter holiday unforgettable. Blend in to this lively coastline as you visit the sheltered coves, sparkling blue waters, chic day clubs, thriving discotheques and distinguished eateries.

*Santorini, Greece*

## **Glamour & gold**

Meet the West Mediterranean chic in ultimate luxury. What better way to explore the golden shoreline of this number one yachting destination than onboard GO? You will quickly discover that this is the perfect transport when visiting the idyllic coves and yachting oases, as well as the many chic beach clubs, restaurants and boutiques along this glamorous coast.

*Capri Island, Italy*

### Relax...

Serious island-hopping becomes easy on GO. The Caribbean Sea has so much on offer, you'd wish you could double your time there. And that's exactly what you can do on this yacht: explore one island during the day, then cruise to the next one in your sleep. When you wake up the next morning, only the new horizon will tell you that you've moved. Because that's what Feadships are all about: excellent sea keeping and silence...

Bako National Park,  
Borneo, Malaysia

Port Kabelvag  
Austvagoya  
Lofoten, Norway

### Exotic invitation

Exotic and intriguing, Asia invites visitors with its spiritual temples, world-class beaches, captivating wildlife and mesmerising cuisine. Entwined by shared history and drawing on worldwide influences, Asia's spirit remains strong, warm and welcoming. From Hong Kong's commercial authority to Manila's newfound luxury, from Tokyo's futuristic lifestyle to Singapore's tiger economy, and from Indonesia's deep forests to India's crowded towns, Asia is a showstopper with a cultural and historical legacy. If exploration is what you are seeking, submit to the unique charm of Asia.

### Unique allround

A series of dots spread across the world's biggest ocean, the South Pacific Islands are as diverse as the region is vast. Compare tiny Tuvalu to uber-chic Bora Bora or romantic Mo'orea; measure up adventure-filled New Zealand to urbanised Australia; or experience the contrast between the mountain hills of Ovalau and the flat atolls of the Tuamotu Archipelago. On your next charter, discover how each island nation shows off its distinctive flair, eye-catching panoramas and impeccable crystal waters in its own unique way.

Barbados

### Be cool

Feadships are built for any kind of weather: rain or shine - comfort onboard is guaranteed. Quite a comfort as we know that sun is by no means guaranteed in Northern Europe.

Offering summer days with up to 20 hours of daylight, Northern Europe tempts with its eye-catching shoreline, majestic landmarks and charming seaside villages. This off-the-beaten-track charter destination retains its unspoiled charisma and sense of exclusivity where noteworthy history, eclectic culture and incredible scenery unite. Appreciate the marvellous Art Nouveau architecture in Latvia, the imposing royal castles of Scotland or the soaring spire churches of Russia. Factor in the luxurious storybook landscape of Germany, the colourful Dutch tulip fields and the lost-in-time Viking settlements of Sweden – and you'll understand why Northern Europe is simply magnificent.
