IMPETUOUS

**AN INCREDIBLE JOURNEY
ACROSS MAINE**

► 8-DAY SAMPLE ITINERARY ACROSS MAINE

IMPETUOUS

120' (36.5m) :: Crescent Yachts :: 2004/2013
9 Guests :: 4 Cabins :: 4 Crew

Crescent's 120-foot Motor Yacht IMPETUOUS is anything but. This stunning superyacht was built in 2004 and refitted in 2013. Her beautiful, regal look and comfortable, friendly feel makes her an incredible luxury yacht to charter.

Motor yacht IMPETUOUS is a fixed hardtop motor yacht that draws allusions to a much larger vessel. Not only does she seem longer in length, but also her voluminous interior is spacious and relaxed. Four stunning staterooms featuring African mahogany can accommodate nine guests. She exhibits a level of formality and craftsmanship characteristic of vessels that supersede her only in size, but not in luxury.

8-DAY ITINERARY MAINE

Day 1

PORTLAND

A quick five miles from the International airport in Portland, board your charter yacht at DiMillo's Marina. After a meet and greet with your Captain and crew, motor out of the harbor to anchor for lunch. In the afternoon take the water toys for a closer look at the surrounding area, before heading to Harpswell, Orrs & Bailey Islands, where you will dock for the evening at Cook's Lobster House and Marina. Kayaking is something not to be missed and a climb over the rocks of the giant staircase is fun for everyone.

Day 2

BATH & BOOTH BAY HARBOR (25 MILES)

With a scenic harbor including a working waterfront, rocky coastline, charming village shops and lighthouses, Boothbay is known as the boating capitol of New England. The protected rivers and inlets are great for kayaking and paddle boarding... be on the lookout for eagles, osprey, seals, and other critters as you paddle along. Boothbay is home to over a dozen stunning nature trails to explore, giving you the chance to stretch your legs during a morning walk. Another option is to take a scenic tender ride to the Bath Maritime Museum, an activity not to be missed. For lunch, make sure to swing by one of Maine's most famous eateries, Red Eat's, for a scrumptious lobster roll and fried clams.

Day 3

MOHEGAN ISLAND (12 MILES)

A small island (only 4.5 square miles!) with a year-round population of 75, Mohegan Island is known for its "simple, friendly way of life" in addition to its natural beauty. With 17 miles of trails leading over rocky ledges to some of the highest ocean cliffs on the Maine coast, it's a hiker's dream. The Black Duck Emporium, a general store near the center of town, carries a fantastic collection of incredible island art, crafts and, of course, soul-warming lattes. The local arts and crafts include charming fairy houses, carefully constructed, using nothing but stones, sticks and other local plant materials, such as lichens.

Day 4

CAMDEN (35 MILES)

In the morning, head towards Penobscot Bay along the outer islands, keeping an eye out for migrating whales. Cruise through the bustling Fox Island thoroughfare and take in the impressive display of scattered summer manors along the islands shore. Continue on to the dock at Camden, ideally situated along an upscale, yet cozy, waterfront, steeped in nautical tradition.

Day 5

BUTTER ISLAND & HOLBROCK ISLAND STATE PARK (20 MILES)

After a leisurely breakfast, motor towards Butter Island, owned by The Cabot family of Boston, which allows access to members and supporters of the Maine Trail Association to two beaches and the Montserrat trail. While hiking try the wild blackberries, all the while the crew prepares a delicious lobster boil on one of the beaches with fresh caught Maine lobster, mussels, oysters, clams, potatoes and corn. After dinner motor to Holbrook Island Harbor to anchor for the night.

Day 6

DEER ISLAND & SOUTHWEST AND NORTHEAST HARBOR (45 MILES)

In the morning, paddleboard or kayak up the scenic Bagaduce River, a rich 12-mile tidal river famous for its oyster beds, or explore via Jet Ski. After lunch, head out and cruise past Deer Island towards Mount Desert Island, and Southwest and Northeast Harbors. Home to the Acadia National Park and Somes Sound, it is often described as the only one fjord on the East Coast.

Day 7

BAR HARBOR (35 MILES)

The next morning continue onwards to Bar Harbor, the city that never sleeps with many of the shops and most of the restaurants staying open late. Choose to explore Cadillac Mountain by foot or bike, reaching a height of just over 1500 feet. In the afternoon spend the day chumming for mackerel in Frenchman's Bay, or venture into deeper water for cod, hake and haddock. Keep an eye out for porpoises, seals and bald eagles along the way.

Day 8

BAR HARBOUR

Disembark the yacht from Bar Harbour for your flight home.
